

Do you remember the Betty Crocker Cook Off?

Or when the Iron Chef came to America?

How about Bobby Flay's THROWDOWN?

In the same spirit of professionals competing and demonstrating their expertise in front of a live audience, ATD Greater Boston presents

E-LEARNING COOK-OFF!

Four e-learning developers and four different authoring tools. All will be given the same "ingredients" and then it's up to them to show us what they can cook up. Observe and ask questions as our talented developers create a five-minute e-learning module right before your eyes! Working with the same subject matter, content and assets, the "chefs" will produce their "delicious dishes" in a race against time and each other.

Join us on Tuesday, December 9th at 6:00pm at our special learning event location - Simpson, Gumpertz and Heger, 41 Seyon St., Waltham, MA, sponsored by TrainingPros.
